For All Things English

myTESOL for all things English

The myTESOL English Language Center in Penang is owned and managed by Pusat Bahasa Sinar Global Sdn Bhd and its programs are authored by Canadian educators with decades of experience in education, ESL instruction & teacher training.

The center has been serving the South East Asian community for 8 years with ESL Classes (English as a Second Language) and TESOL (Teaching English to Speakers of Other Languages).

“There’s a huge need for people to learn English and TESOL is the practical solution”, says Principal & Director, Tana Litowski.

“Our teachers come from all over the world to get their internationally accepted accreditation to be able to teach English. These excited

new graduates then string themselves across the globe... from teaching under a tree in India to teaching in high tech academic institutions in Korea.

“No matter where a person wants to teach, TESOL is the ticket for adventurers”.

myTESOL has trained hundreds of people to teach English over the past 8 years and they have gone on to teach thousands of students English. It is a bottomless market as hunger for English skills is snowballing across the globe.

Students who have attended the TESOL course have come from America, Canada, UK,

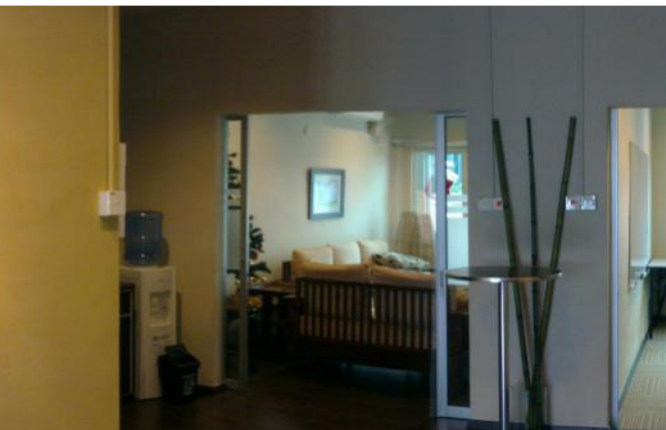

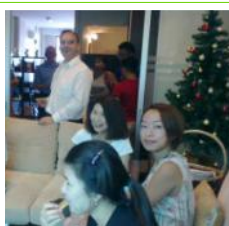

India, Brazil, Australia, Malaysia, Korea & Japan to name just a few.

The center also hosts English classes daily and conducts corporate training on-site.

Some corporate clients include Toray Industries, Fuji Electric, Showa Denko, Panasonic, Fujimi-Micro Technology and Fuji Logistics.

We have also created an expat haven for both teachers and the students. We are supporters of the expat communities and try to integrate our students into English life as soon as they can.

“There is something for everyone at myTESOL. Students call it the English Spa. They’re so at ease that they have a hard time leaving after the bell rings...”
